PROJECT NAME	NUTRITION ASSISTANT APPLICATION

The screenshot shows the Twilio SendGrid dashboard for a user named 'dhivya venkatasai'. The main heading is 'Welcome, dhivya!' with a subtext 'To get up and running quickly, please follow the steps outlined below.' A blue banner reads 'Send your first emails with Twilio SendGrid'. The primary task is 'Create a sender identity'. The instructions state: 'Before sending email, you'll need to create a sender identity. There are two ways to do this, but we recommend creating a Single Sender to get set up quickly and test your email integration.' A blue button 'Create a Single Sender' is highlighted, with a link 'Authenticate a domain instead' nearby. An example email header is shown: 'Your Business <jane.doe@your_business.com>' with a blue arrow pointing to the 'from' field. The left sidebar contains navigation links: Dashboard, Email API, Marketing, Design Library, Stats, Activity, Suppressions, and Settings. The bottom of the browser shows a 'Twilio SMS NEW' tab.
